

Future Orchard 2012 – Orange, NSW

Orchard Walk 11 September 2006

prepared by David Gartrell

Orchard walk meeting 11/9/06 1pm

30 growers were in attendance.

David Gartrell welcomed the growers and gave them an overview of APALs objectives and reinforced that this project was only part of the overall strategy to make the industry more competitive.

David Gartrell then introduced Ross Wilson from Agfirst.

Ross Wilson then worked through the Orchard walk notes supplied to all attendees.

There were good general questions and answers on most topics covered.

At 3pm the meeting broke for a quick afternoon tea and then proceeded to Michael Cunial's monitoring block for an on site discussion. The growers then travelled to J.W.Kirkwood's monitoring block with continuing question and answer discussion.

Orchard walk finished at 4.30pm.
